

## Safety Data Sheet

### 1. IDENTIFICATION

<b>Product Identifier:</b>	<b>Potassium Iodate Solution, 0.1-0.2 N</b>
<b>Product Code(s):</b>	P1048, Custom
<b>Synonyms:</b>	Mixture.
<b>Recommended Use:</b>	For manufacturing, industrial, and laboratory use only. For use as a catalyst, laboratory reagent, or oxidizing agent.
<b>Uses Advised Against:</b>	Not for food, drug, or household use.
<b>Supplier:</b>	Rocky Mountain Reagents, Inc. 4621 Technology Drive, Golden, CO 80403 Phone: (303) 762-0800 Fax: (303) 762-1240
<b>Emergency Phone Number:</b>	For health emergency, call poison control: (800) 222-1222.

### 2. HAZARDS IDENTIFICATION

<b>Hazard Classifications:</b>	This product is classified as not hazardous under OSHA's Hazard Communication Standard, 29 CFR 1910.1200 (HCS) and the United Nations' Globally Harmonized System of Classification and Labeling of Chemicals (GHS). However, all chemicals handled and used in the workplace should be treated with caution.
<b>Signal Word:</b>	Not applicable.
<b>Hazard Statements:</b>	Not applicable.
<b>Pictograms:</b>	Not applicable.
<b>Precautionary Statements:</b>	
<b>Prevention:</b>	Not applicable.
<b>Response:</b>	Not applicable.
<b>Storage:</b>	Not applicable.
<b>Disposal:</b>	Not applicable.
<b>Hazards Not Otherwise Classified:</b>	Toxic to groundwater and aquatic life. Avoid release to the environment. Composed of oxidizing ingredients and may cause or accelerate fire hazards.

Toxicity Statement: Not applicable.

### 3. COMPOSITION AND INFORMATION ON INGREDIENTS

Component	Common Name / Synonyms	CAS#	Chemical Formula	% by Weight
Water	Water	7732-18-5	H <sub>2</sub> O	99.3 - 99.6
Potassium Iodate	Iodic Acid, Potassium Salt	7758-005-6	KIO <sub>3</sub>	0.357 – 0.713

Trade Secret Statement: Not applicable.

### 4. FIRST AID MEASURES

#### First Aid Procedures:

- Inhalation:** Move to fresh air. If breathing is difficult, give oxygen. If not breathing, give artificial respiration. Get medical attention if symptoms occur.
- Ingestion:** Do not induce vomiting unless directed to do so by medical personnel. If vomiting occurs, keep head low so that vomit does not enter lungs. Rinse mouth. Never give anything by mouth to an unconscious person. Call a physician or poison control center if symptoms occur.
- Skin Contact:** Wash skin with plenty of water for at least 15 minutes. Remove contaminated clothing and shoes. Wash clothing before reuse. Get medical attention if symptoms occur.
- Eye Contact:** Check for and remove contact lenses. Immediately flush eyes with gentle but large stream of water for at least 15 minutes, lifting lower and upper eyelids occasionally. Get medical attention if symptoms occur.
- General Advice:** Poison information centers in each state can provide additional assistance for scheduled poisons. Ensure that medical personnel and those providing first aid are aware of the material(s) involved and take precautions to protect themselves.

**Symptoms and Effects:** Irritation, burns, nausea, vomiting, diarrhea, coughing. May be harmful if swallowed, inhaled, absorbed through the skin, or exposed to the eyes. May cause irritation and burns to the skin, eyes, respiratory tract, and gastrointestinal tract. Prolonged or repeated exposure may cause damage to the liver, kidneys, thyroid, and central nervous system.

**Immediate Medical Care/  
Special Treatment:** Treat symptomatically. Symptoms may be delayed.

### 5. FIREFIGHTING MEASURES

**Suitable Extinguishing Media:** Water spray, dry powder, alcohol resistant foam, carbon dioxide.

**Unsuitable Extinguishing Media:** Do not use a solid (straight) water stream, as it may scatter and spread fire. Do not use halocarbon extinguisher.

**Hazardous Combustion  
Products:** Potassium oxides, hydrogen iodide.

**Specific Hazards:** Oxidizer; contact with combustible and organic material may cause fire. May accelerate burning when involved in a fire. May decompose upon heating to produce corrosive and/or toxic fumes.

**Special Protective Equipment/ Precautions for Firefighters:** As in any fire, wear MSHA/NIOSH-approved (or equivalent), self-contained, positive-pressure or pressure-demand breathing apparatus and full protective gear. Use water spray to cool unopened containers. Move containers from fire area, if you can do so without risk. In the event of fire and/or explosion, do not breathe fumes.

## 6. ACCIDENTAL RELEASE MEASURES

**Personal Precautions and Protective Equipment:** Isolate hazard area and keep unnecessary and unprotected personnel away from the area of the leak or spill. Wear appropriate personal protective equipment (see Section 8). Avoid contact with eyes, skin, clothing, and combustible materials.

**Emergency Procedures:** In case of chemical emergency, or if unsure how to address an accidental release, consult a professional (see Section 1).

**Methods for Containment:** Stop the flow of material, if this is without risk. Prevent entry into waterways, sewer, basements, or confined areas. Keep combustibles away from spilled materials. Product should not be released to the environment.

**Methods for Cleanup:** Keep combustibles away from spilled material. Absorb spill with an inert material (e.g. vermiculite, dry sand, earth, cloth, or fleece) and place in a non-combustible container for reclamation or disposal. Do not flush to sewer. Clean contaminated surface thoroughly. Never return spills in original containers for reuse. Clean up in accordance with all applicable regulations.

## 7. HANDLING AND STORAGE

**Handling:** Wear personal protective equipment (see Section 8). Provide sufficient air exchange and/or exhaust in work areas. Avoid contact with skin, eyes, clothing, and combustible materials. Do not ingest. When using, do not eat, drink, or smoke. Keep away from incompatible materials (see Section 10). Handle in accordance with good industrial hygiene and safety practice. Wash thoroughly after handling. Containers of this material may be hazardous when empty, as they retain product residues. Observe all warnings and precautions listed for this product.

**Storage:** Store in a cool, dry, ventilated area. Keep away from heat and sources of ignition. Do not store near combustible materials. Store in a segregated and approved area away from incompatible materials (see Section 10). Store in original container. Keep containers tightly closed and upright. Keep away from food, drink, and animal feed. Keep out of the reach of children. Comply with all national, state, and local codes pertaining to the storage, handling, dispensing, and disposal of this product.

## 8. EXPOSURE CONTROLS AND PERSONAL PROTECTION

**Exposure Limits:** Water: No information found.

Potassium Iodate: ACGIH (TLV): 0.2 mg/m<sup>3</sup>  
OSHA (PEL): 5 mg/m<sup>3</sup>  
NIOSH (STEL): 3 mg/m<sup>3</sup>

**Engineering Controls:** Ensure adequate ventilation. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne concentrations to an acceptable level.

**Personal Protective Measures:**

**Eye/Face Protection:** Wear safety glasses with side shields or goggles and a face shield. Maintain approved eye wash station and accessible rinse facilities in work area.

**Skin Protection:** Wear appropriate chemical resistant clothing (with long sleeves) and appropriate chemical resistant gloves.

**Respiratory Protection:** An air-purifying, NIOSH-approved respirator with appropriate cartridge or canister may be permissible under certain circumstances where airborne concentrations are expected to exceed exposure limits. Use a positive-pressure, air-supplied respirator if there is any potential for an uncontrolled release, if exposure levels are unknown, or if any other circumstances exist where air-purifying respirators may not provide adequate protection.

**Specific Requirements for Personal Protective Equipment:** Ensure that glove material is compatible with this product. This information is available from glove manufacturers.

**9. PHYSICAL AND CHEMICAL PROPERTIES**

**Appearance:** Clear, colorless liquid.

**Odor:** Odorless.

**Odor Threshold:** No information found.

**Formula Weight:** 214.00 as potassium iodate.

**pH:** No information found.

**Melting/Freezing Point:** No information found.

**Boiling Point/Range:** No information found.

**Decomposition Temperature:** No information found.

**Flash Point:** Not applicable.

**Auto-ignition Temperature:** Not applicable.

**Flammability:** Not applicable.

**Flammability/Explosive Limits:** Not applicable.

**Solubility:** Miscible with water.

**Vapor Pressure:** No information found.

**Vapor Density:** No information found.

**Specific Gravity:** 1.000 – 1.002 (Water = 1)

**Evaporation Rate:** No information found.

**Viscosity:** No information found.

**Partition Coefficient (n-octanol/water):** No information found.

**10. STABILITY AND REACTIVITY**

**Reactivity Data:** No information found.

**Chemical Stability:** Stable under normal conditions.

<b>Conditions to Avoid:</b>	Heat, incompatible materials.
<b>Incompatible Materials:</b>	Reducing agents, combustible materials, organic materials, metals, acids.
<b>Hazardous Decomposition Products:</b>	Potassium oxides, hydrogen iodide.
<b>Possibility of Hazardous Reactions:</b>	May react vigorously or violently if exposed to extreme thermal conditions or to the incompatible materials listed above. May decompose upon heating to produce corrosive and/or toxic fumes.
<b>Hazardous Polymerization:</b>	Will not occur.

## 11. TOXICOLOGICAL INFORMATION

<b>Routes of Exposure:</b>	Inhalation, ingestion, skin contact, eye contact.				
<b>Acute Effects:</b>	May be harmful if swallowed, inhaled, absorbed through the skin, or exposed to the eyes. May cause irritation and burns to the skin, eyes, respiratory tract, and gastrointestinal tract.				
<b>Chronic Effects:</b>	Prolonged or repeated exposure may cause damage to the liver, kidneys, thyroid, and central nervous system.				
<b>Toxicological Data:</b>	<table> <tr> <td>Water:</td> <td>No information found.</td> </tr> <tr> <td>Potassium Iodate:</td> <td>Causes irritation to skin, eyes, and mucous membranes based on animal data. May cause teratogenic effects based on animal data.</td> </tr> </table>	Water:	No information found.	Potassium Iodate:	Causes irritation to skin, eyes, and mucous membranes based on animal data. May cause teratogenic effects based on animal data.
Water:	No information found.				
Potassium Iodate:	Causes irritation to skin, eyes, and mucous membranes based on animal data. May cause teratogenic effects based on animal data.				
<b>Symptoms of Exposure:</b>	Irritation, burns, nausea, vomiting, diarrhea, coughing.				
<b>Carcinogenic Effects:</b>	This product is not considered to be a carcinogen by IARC, ACGIH, NTP, or OSHA.				

## 12. ECOLOGICAL INFORMATION

<b>Ecotoxicological Data:</b>	<table> <tr> <td>Water:</td> <td>No information found.</td> </tr> <tr> <td>Potassium Iodate:</td> <td>No information found.</td> </tr> </table>	Water:	No information found.	Potassium Iodate:	No information found.
Water:	No information found.				
Potassium Iodate:	No information found.				
<b>Persistence and Degradability:</b>	No information found.				
<b>Environmental Effects:</b>	Toxic to groundwater and aquatic life. Avoid exposure to the environment.				

## 13. DISPOSAL INFORMATION

<b>Disposal Instructions:</b>	All wastes must be handled in accordance with local, state, and federal regulations. Minimize exposure to product waste (see Section 8). Do not dispose unused waste down drains or into sewers.
<b>Contaminated Packaging:</b>	Because emptied containers retain product residue, follow label warnings even after container is emptied. Offer rinsed packaging material to local recycling facilities.
<b>Waste Codes:</b>	No information found.

## 14. TRANSPORT INFORMATION

DOT: Not regulated.

Environmental Hazard Regulations: IMDG: Potassium Iodate: Not a marine pollutant.

Other Transport Precautions: No information found.

## 15. REGULATORY INFORMATION

### U.S. Federal Regulations:

**OSHA:** This product is not considered a "Hazardous Chemical" as defined by the OSHA Hazard Communication Standard, 29 CFR 1910.1200.

**TSCA Inventory:** All components of this product are on the U.S. TSCA Inventory.

### U.S. EPCRA (SARA Title III):

**Section 302:** No information found.

**Sections 311/312:**

Hazard Category	List (Yes/No)
Section 311 – Hazardous Chemical	Yes
Immediate Hazard	Yes
Delayed Hazard	Yes
Fire Hazard	No
Pressure Hazard	No
Reactivity Hazard	Yes

**Section 313:** No information found.

**CERCLA Reportable Quantities:** No information found.

### International Inventories:

Country or Region	Inventory Name	On Inventory (Yes/No)*
Australia	Australian Inventory of Chemical Substances (AICS)	N/A
Canada	Domestic Substances List (DSL)	N/A
Canada	Non-Domestic Substances List (NDSL)	N/A
China	Inventory of Existing Chemical Substances in China (IECSC)	N/A
Europe	European Inventory of Existing Commercial Chemical Substances (EINECS)	N/A
Europe	European List of Notified Chemical Substances (ELINCS)	N/A
Japan	Inventory of Existing and New Chemical Substances (ENCS)	N/A
Korea	Existing Chemicals List (ECL)	N/A
Philippines	Philippine Inventory of Chemicals and Chemical Substances (PICCS)	N/A

\*A "Yes" indicates that the listed component(s) of this product comply with the inventory requirements administered by the governing country(s).

## 16. OTHER INFORMATION

**Disclaimer:** Rocky Mountain Reagents, Inc. provides the information in this Safety Data Sheet in the belief that it is reliable but assumes no responsibility for its completeness or accuracy. The physical properties reported in this SDS are obtained from literature and do not constitute product specifications. Rocky Mountain Reagents, Inc. makes and gives no representations or warranties with respect to the information contained herein or the product to which it refers, whether express, implied, or statutory, including without limitation, warranties of accuracy, completeness, merchantability, non-infringement, performance, safety, suitability, stability, and fitness for a particular purpose. No warranty against infringement of any patent, copyright or trademark is made or implied. This SDS is intended only as a guide to the appropriate handling of the material by a properly trained person. It shall be the user's responsibility to develop proper methods of handling and personal protection based on the actual conditions of use. Accordingly, Rocky Mountain Reagents, Inc. assumes no liability whatsoever for the use of or reliance upon this information including results obtained, incidental or consequential damages, or lost profits.

**Issue Date:** November 17, 2015

**Reason for Revision:** Update of Section 1, 14 over 03/30/2015 version.
